**Lands' End Hits the Road in Iconic "Seagoing™ Duffle on Wheels"**

*The Heritage Tour Will Kick Off with a Celebratory Event and Donation to Milwaukee's North Point Lighthouse*

**DODGEVILLE, WIS.**, (August 22, 2018) – Lands' End is bringing back the iconic duffle bag in a big way. As part of the Lands' End Heritage Collection product launch, the company converted two Airstream trailers into larger-than-life Lands' End Seagoing Duffle Bags that will travel through the company's home state of Wisconsin. The three-month Heritage Tour will celebrate Lands' End's deep Wisconsin heritage and classic, popular products by exploring the state's well-loved events and attractions, and by interacting with brand fans along the way.

"We are proud of our rich Wisconsin roots as well as our timeless, high-quality products that are part of the DNA of the company," said Jerome Griffith, president and CEO of Lands' End. "By kicking off the Heritage Tour at one of Milwaukee's historic landmarks, the North Point Lighthouse, we are giving a nod to our past while also looking forward to the future. This ongoing campaign is a way for us to take pride in our history while connecting with current customers and meeting new brand friends along the way."

**Lands' End Heritage Tour: Kick Off**

Lands' End will officially kick off the Heritage Tour on August 22, 2018, at Milwaukee's North Point Lighthouse. The event, in partnership with North Point Lighthouse and the United States Lighthouse Society, is celebrating Lands' End's ongoing commitment to lighthouse preservation by supporting the restoration of North Point Lighthouse's South Ravine Trail. This project will connect the lighthouse property's South Ravine Trail with the city's lakefront path to better serve lighthouse visitors and the citizens of Milwaukee. What's more, it will help protect our beloved Lake Michigan from pollution and runoff. This partnership marks the fourth restoration project as part of Lands' End's Lighthouse Initiative since 2014.
